Sovetskaya Estoniya, No 239, 9 Oct 49

On 8 October, weather in the republic continued to be cloudy and cold with light to moderate winds.

During 9 - 11 October, the weather is expected to be cloudy with clearing and light local showers. Day temperature will be 6-8 degrees above zero; night temperature, 0-2 degrees below zero, except along the shoreline and on the islands where it will be 2-4 degrees above zero.

Sovetskaya Estoniya, No 240, 11 Oct 49

During the night of 10 October, scattered to broken cloud cover was observed in the republic. Light rains fell in the eastern regions. The temperature was 0-3 degrees below zero, and along the shoreline and on the islands 1-4 degrees above zero. During the day, weather in the entire republic continued to be slightly cloudy and dry with light winds. The temperature was 6-10 degrees above zero.

In the next 2-3 days, scattered to broken cloud cover with local showers is to be expected. The wind will be light to moderate, coming from the west and northwest. Day temperature will be 5-9 degrees above zero; night temperature 0-4 degrees below, except on the islands where it will be 1-4 degrees above zero.

Sovetskaya Estoniya, No 241, 12 Oct 49

During the past 24 hours, weather in the republic was dry with scattered cloud cover and light to moderate winds. Night temperature was 0-4 degrees above zero, and on the islands 2-4 degrees above; day temperature, 6-10 degrees above zero.

On 12 October, weather in the republic is expected to be dry with scattered cloud cover. On 13 - 14 October, it will begin to grow colder in all districts, and light rain will fall in some places. The south and southwest wind will be 3-5 balls in velocity.

Sovetskaya Estoniya, No 242, 13 Oct 49

On 12 October, weather in the republic continued to be cloudy with light south and southwest winds. Night temperature was 1-3 degrees below zero in Tyuri, Vil'yandi, Tartu, and Vyru, 5 degrees below zero in Balga, and 2-6 degrees above zero on the islands.

In the next 2-3 days, no significant changes will occur. Light rains will fall in some places. Day temperature will be 10-12 degrees; night temperature, 0-4 degrees above zero, and 4-6 degrees above on the islands.

Sovetskaya Estoniya, No 243, 14 Oct 49

During the past 24 hours, the weather in most of the districts was cloudy with light to moderate winds. In the western regions at the end of the day, some light rain fell in places. Night temperature was 0-4 degrees below zero and on the islands 2-5 degrees above zero; day temperature was 10-12 degrees above.

During the next 2-3 days, a further rise in temperature is expected to occur in the entire republic. A southwest wind from 3-5 ball is also expected.

Sovetskaya Estoniya, No 244, 15 Oct 49

On 14 October, weather in the republic continued to be cloudy with moderate to fresh winds. Local showers occurred in some places. Night and day temperature was 9-14 degrees above zero.

On 15 - 17 October, moderately warm weather with persistent, heavy cloudiness throughout the republic is to continue. Light rains are to fall in places. The west and southwest wind will be 3-5 balls in velocity. Night and day temperature will be 8-12 degrees above zero.

Sovetskaya Estoniya, No 245, 16 Oct 49

On 15 October, weather in the republic continued to be dry with scattered cloud cover and light southwest winds. In the morning, the southern and central districts had thick fog. Night temperature was 4-8 degrees above zero; day temperature, 12-15 degrees.

Moderately warm weather is expected to continue in the republic no less than 2-3 days. Light rains will fall in some places. Fog is expected in the morning and during the night.

Sovetskaya Estoniya, No 247, 19 Oct 49

On 18 October, weather in the republic continued to be dry with scattered cloud cover and light to moderate south winds. Night temperature was 7-11 degrees above zero; day temperature, 13-16 degrees.

In the next 2-3 days, moderately warm weather with varying cloudiness and light local showers is expected to continue. The southwest wind will be 3-5 balls in velocity. Day temperature will be 10-14 degrees; night temperature, 4-8 degrees above zero.

Sovetskaya Estoniya, No 248, 20 Oct 49

During the past 24 hours, weather in the republic was cloudy with scattered showers. Both night and day temperature was 8-12 degrees above zero.

In the next 2-3 days, no significant changes in the weather are to be expected.

Sovetskaya Estoniya, No 249, 21 Oct 49

During the night of 20 October, weather in the republic continued to be cloudy with fresh and strong southwest winds and short rain showers.

In the next 2-3 days, moderately warm weather with varying and considerable cloudiness and short local showers is expected to continue. The wind will be southwest and west, 3-5 balls in velocity. Day temperature will be 10-14 degrees; night temperature, 6-8 degrees above zero.
